

UNITED STATES OF AMERICA AND THE CZECH REPUBLIC

Continuing investment in our relationship, including defense upgrades in future technology and weapons, makes a valuable contribution to meeting the demands and needs of our armed forces. We highly value and encourage continuing on this path in the future.

The Government of the United States of America has offered to the Government of the Czech Republic the AH-1Z Viper and UH-1Y Venom aircraft, with their full operational, military, technical, and logistic capabilities, in accordance with the specifications and requirements issued by the Czech Republic Ministry of Defence and reflected in the Letter of Offer and Acceptance (LOA), offered on June 15, 2019.

In friendship and cooperation, our governments intend to move ahead with the Viper and Venom programs for our mutual benefit and after ensuring compliance with the national laws and regulations of the United States of America and the Czech Republic. Through close cooperation, we intend to finalize the LOA and implement these arrangements within the timeframe suitable to the Government of the United States of America and of the Government of the Czech Republic.

*Dated December 12, 2019
Washington, D.C.*

The undersigned are authorized representatives of their government.

Lubomír Metnar
Minister of Defence
Czech Republic

Mark T. Esper
Secretary of Defense
United States of America
